Supporting at-risk children and youth through the healing power of the arts

Notoriety Gives was officially established in the State of Nevada in 2017, in response to the 1 October tragedy which occurred at the Route 91 Harvest Music Festival. The nonprofit organization was created to commemorate the resiliency and compassion of the Las Vegas community and to celebrate the unifying force of music and entertainment.

Our Mission at Notoriety Gives is to provide access to all forms of the performing arts to at-risk children and youth. Notoriety Gives empowers children to utilize their talents and skills through programs that encompass self-expression, creativity, and confidence today!

Our Vision

Notoriety Gives envisions a compassionate future for Southern Nevada's children and youth, promoting self-expression, inspiring confidence, and creating possibilities through the power of the arts.

Notoriety Gives programs are geared for at-risk children in grades 5-12, with a direct focus on STEM education through music, promotion of the arts career development and social responsibility
